

# SCANFOB® PX20

## Set Scanner Read Mode

---

**Scan Always**

Scan “Scan Always” and the Scanfob® PX20 engine will be in 'watching mode'. When it detects light change it goes into active scanning mode.

**Press to Scan**

Scan “Press to Scan” and the Scanfob® PX20 engine will scan only when the scan button is pressed (default mode)

One-button mobile solutions  
with endless possibilities
